Yorkshire Loft Ladders, Quality You Can Trust!

These days most homeowners suffer from a lack of storage space. So many precious items that need to be kept - but where to store it all? That's where Yorkshire Loft Ladders come in.

The company, based locally, offers homeowners the opportunity to maximise their storage space with a loft ladder, 50 sq ft of boarding and a light all fully fitted in less than a day from just £277 + VAT. But it's not just the affordability of the package the company offers that makes Yorkshire Loft Ladders stand out as manager Warren Ingleson

explains. 'Our watchwords are Quality, Integrity and Value. Quality in the materials that we use for all our installations, and the fact that all our loft packages are fitted by time served tradesmen - so our customers are assured of the best job. Integrity in that we will turn up at the time we say, and make sure the house is spotless when we leave. And Value in that we offer our services at a price people can afford. Our business relies on referrals and we get a huge amount of our calls from people who have been referred to us by our existing customers. That simply wouldn't happen if we didn't

adhere to our overriding principles. At the end of the day the old adage that happy customers lead to more happy customers is true, and we work hard to make that happen for every installation we carry out!

So, if you want to make use of your loft space, however big or small, call Warren on 0800 612 8359 and he'll be happy to pop round and give you a no obligation quote so you too can make use of your loft!

Here's a great way to make more storage space...

Install a loft ladder and make more use of your loft!

Loft ladder, light & Switch plus 50 sq ft of flooring from as little as £277+ VAT which includes FREE fitting in less than a day.

Our customers choose us to fit their loft ladders, because we offer:

- A FREE home visit
- A FREE written quotation
- Fully guaranteed
- A large selection of ladders

Guardian Angel carers

Compassionate care in the comfort of your own home

At Guardian Angel Carers York we know how lucky we are living in this gorgeous part of the country. For locals all over York and surrounding areas, we understand why you want to stay here. This is why sisters Debbie and AJ have chosen the vibrant, market town of Easingwold to open their flagship office.

It was a desire to make a positive difference to people living in North Yorkshire that drove them to open Guardian Angel Carers. "We are proud to provide care for people living all over the York area, our reach is far and wide. We're delighted to offer a trusted, professional, caring, compassionate service. Our clients are at the centre of all we do.

Our CareAngels always show dignity and respect for our clients. When recruiting our CareAngels, we question ourselves "Would we want this person caring for our Mum?" We are proud to say the answer is always "Yes".

Our CareAngels undertake full and comprehensive, nationally accredited training and are awarded their Care Certificate before providing our clients with the care they deserve.

You can contact our friendly team now on 01347 487 555.

Refresh, Recolour & Restore!

GroutGleam York and Harrogate was set up by husband and wife team, Lisa and Gary, in August this year.

As Gary explains, "We have always had a love for DIY and home improvements, which was sparked by two previous house renovations, so we knew that we wanted to setup in this market after selling our previous business in ecommerce. After researching business ideas we discovered GroutGleam, which is a well established franchise that has technicians across the country.

After seeing what a difference we could make to customers bathrooms and floors with the minimum of disruption, I was sold. We have a range of products that are not only unique, but actually make a difference, for a price that is a fraction of a re-tiling or new bathroom refit. It's also perfect for a range of businesses, such as hotels, guest houses, restaurants and holiday lets, as well as

the general public.

I had tried a range of high street grout cleaning products in the past, promising amazing results, but they didn't last. Our products, sourced from America and Australia, were actually designed for commercial environments and we know that they work and last.

The satisfaction we get from seeing a bathroom, or floor transformation, is great and we love seeing the customers' positive reactions".

GroutGleam are more than happy to visit and carry out 'no obligation' quotes so give them a call today.

Top tips for the Winter season

Make sure pets are not left outdoors for too long, just like us they can develop hypothermia if they remain in the cold for long periods. Small pets like rabbits and guinea pigs are particularly vulnerable and you may want to bring them inside if possible, or make sure they have extra bedding to keep them warm.

Salt and grit can also be harmful to dogs and irritate their paws. After walks, wash their feet and make sure there is nothing stuck between their pads. Keep fur between pads trimmed to prevent ice-balls forming which can also be painful for them.

If left outside cats may seek warmth in dangerous car engines, or get trapped somewhere without access to food and water. Make sure their catflap doesn't become frozen over and stuck so they can't get back in.

It is a good idea to keep them inside when it gets really cold, make sure they have a litter tray to use indoors.

Be very careful if it is icy outdoors and keep your

dog on the lead if you may pass frozen water. Call for help but don't go after your dog if they do run onto ice, it can be extremely dangerous.

For more advice on caring for pets visit www.bluecross.org.uk/petadvice

Blue Cross in Thirsk would like to thank local animal lovers for their support over 2023 and wishing everyone a wonderful festive season.
